

### REMARKS

Claims 1-15 have been cancelled, the subject matter of those claims have incorporated to newly added claims 16-32, which are pending in this Application. Claims 16, 31, and 32 are in independent form.

A substitute specification (clean and marked-up version) is provided herewith in accordance with 37 C.F.R. § 1.125. The substitute specification does not include new matter. The substitute specification amends PCT/FR2004002659 to conform the specification and claims to customary patent practice and procedure in the United States.

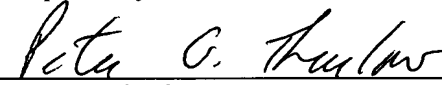

Applicants enclose an Information Disclosure Statement that cites all the references cited in the International Search Report (Form PCT/ISA/210) for PCT No. FR2004/002659. Applicants respectfully request that the Examiner consider these references and acknowledge in the next communication relating to this application that these references have been duly considered.

Applicants respectfully request that the Examiner reconsider this application with a view towards allowance.

Applicants respectfully request that the Examiner call the undersigned attorney if the Examiner believes that a telephone call could help resolve any items related to the patentability of the claims in this application.

Date: April 24, 2006

Respectfully submitted,
